RE-AUTHORING TEACHING: CREATING A COLLABORATORY

Sense Publishers, United States, 2008. Paperback. Book Condition: New. 231 x 155 mm. Language: English . I know of no better account of how to teach and to learn therapeutic practice in the era of online learning. Without being taught in any didactic or pedantic way, you cannot help but find yourself responding, reflecting and learning. - JOHN WINSLADE, PHD, Coordinator of Educational Counseling Program, Dept of Educational Psychology Counseling, California State University San Bernardino One does not read so much as engage with the pages of this book, positioning the reader as an active participant in the learning process. As a newer instructor, I was inspired to expand upon my collaborative processes in the classroom, through the increased use of technology and dialogue between students, practitioners and consumers....
