## Smell Colour: Chemistry, Art and Pedagogy

By Ernesto Ventos, Xavier Duran, Vicencs Altaio

ActarD Inc. Paperback. Book Condition: new. BRAND NEW, Smell Colour: Chemistry, Art and Pedagogy, Ernesto Ventos, Xavier Duran, Vicencs Altaio, Just as colours are organized in the visual world according to the Pantone scale, so in the world of smell they are translated into a periodic table derived from chemistry. The catalogue features a total of 88 works by Spanish and international artists, selected on the basis of olfactory criteria. Perfumers and flavourists communicate in a special language of their own, expressed in terms of 'olfactory notes'. Each of these notes is represented by a particular colour that helps the perfumer or flavourist to create it. This classification system, which combines smell, colour and art, provides the leitmotif of the present exhibition, which offers us a new appreciation of the links within the world of sensory perception and of how the chemical combinations that produce smells can awaken us to new realms of sensation.
