By United States Government Us Army

Createspace, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The purpose of this manual is to provide the authoritative doctrine for Army theater distribution in support of operations across the full spectrum operations. This manual describes the Army distribution system, organization, structure, and operational processes within a theater. It provides doctrinal guidance for units with distribution responsibilities, operations, and the in-transit visibility (ITV) tracking and monitoring processes for moving personnel and materiel in theater. These topics are addressed as they pertain to geographic combatant commanders (GCC), logisticians at all levels, staff, and students who may require knowledge on Army, joint and multinational theater-level distribution. This manual also provides the basis for theater distribution system training, organizational, and materiel development. The target audience is logistics managers and planners operating external and internal in the theater of operations. It is doctrine for the units and commands that provide strategic and in-theater distribution, as well as the units supported by those organizations. It supports deployment doctrine and focuses on current Army distribution processes. Commands should adapt the doctrine in this manual to fit existing organizational structures. Current operations have demonstrated...
