

Law and Risk (New edition)

By Law Commission of Canada

University of British Columbia Press. Paperback. Book Condition: new. BRAND NEW, Law and Risk (New edition), Law Commission of Canada, The study and practice of risk analysis, risk management, and the communication of risk has been the subject of heated debates. This is no less so when law is added to the mix. Despite the law's constant search for certainty, the concept of risk itself is inherently uncertain. From the precautionary principle to the role of research ethics boards, risk remains a value-laden term, difficult to define and even more difficult to address. This collection from the Law Commission of Canada looks at law and risk in a variety of contexts and provides insight into how courts use and interpret risk, how the law allocates risk, and how risky activities are regulated. To demonstrate the linkages between law and risk, the essays tackle a variety of difficult topics, including dangerous offenders, sex offender notification, drug courts, genetic research, pesticide use, child pornography, and tobacco advertising. These important essays on whether the law adequately and appropriately responds to risk will be of interest to students and scholars of law and the social sciences, as well as to law practitioners and lawmakers.

Reviews

Extensive information for ebook fans. it was writtern very flawlessly and useful. You are going to like just how the author publish this pdf.

-- Jarrod Prosacco

Thorough manual! Its this kind of excellent study. It really is writter in straightforward terms and never difficult to understand. I am very happy to inform you that this is basically the very best pdf we have read through during my individual existence and could be he greatest ebook for possibly.

-- Dr. Arno Sauer Sr.
