The Elizabeth s is a story of three women whose life changing tragedies pull them into a paradox of parallel dimensions where they encounter other lives connected to their own. During the month of June the lives of these three women, Liz, Beth and Eliza, commingle and intertwine as parallel dimensions collide, and for one extraordinary June they realize they are part of each other, each of their lives contained within the essence of the other two. But with revelation comes danger and as they converge to share physical space so too do the mysteries surrounding them, and on the day of the summer solstice, all they share and all they possess may be just enough to save them. A metaphysical exploration that weaves quantum physics together with the essence of being human, Mowery s debut is a probing heartfelt journey into magical realism that will leave you breathless. And the emotional as well as the physical connections she draws are mesmerizing, literally opening whole new worlds of experience and wonder. A journey of extraordinary hope and amazement. The Elizabeth s will forever change the way you view the world and possible realities held within it.
